

Teknisk Information Center

You are welcome to visit our stand 242 at Örebro Fair Tuesday 18 to Thursday 20 August 1998 where we will demonstrate Environmental diesel fuel:

## RapeseedMethylEster RME

We provide information about:

How you can produce biodiesel from canola, flax, fat, frying, etc.

It may be a small plant (1 m<sup>3</sup> / month) or large one (15 m<sup>3</sup> / week).

How you can use BIOIL to clean machinery, asphalt, agricultural implements, chewing gum, graffiti, etc.

How the product is excellent to use for impregnating wood or metal.

We hope you'll take some interested and environmentally aware people to the fair with help of the *free tickets*.

# OMSTÄLLNING SVERIGE

Ecologically sustainable society

A CALL FOR YOU WHO ARE ACTIVELY WORKING FOR A BETTER  
ENVIRONMENT

Fair's opening hours are from 10:00 to 18:00 o'clock every day, but if you will take advantage of the *free ticket*, you need to be there before 14:00.

Well met / Carl-Johan Lindquist
